

Excerpt from A History of Agriculture in Wisconsin This volume is intended to serve two purposes. In the first place, it constitutes the general introduction to the Town Studies of the Wisconsin Domesday Book. In the second place, it affords a tentative sketch of the history of agriculture in this state, which it is hoped may prove serviceable until a more complete treatment of that subject shall have been made possible through the intensive local studies which the Domesday Book plan calls for. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
