

Immigration for the Wireless and Telecommunication Industry can be difficult to understand, whether the company is a start-up or some of the largest ones in the field. This book provides concise guidance as a reference book for the most common immigration issues in the telecom industry. The book contains the following information on immigration issues: - For employers recruiting from college/university campuses, - Pertaining to roving employees who move from client site to client site, - After employment has commenced and visa approval has already been obtained, - Regarding termination of H-1B employees, - When employees move to or from another employer to your company, - For employees on H-1B visas, - For H-1B employees beyond the 6th year of employment, - For employees on L-1A and L-1B visas, - Concerning PERM labor certification, - With regard to EB2 and EB3 preferences, - Concerning ability to pay for both PERM petitions and I-140 petitions, - Of portability affecting applicants for adjustment of status, - Affecting Indian and Chinese nationals, - Pertaining to Export Control regulations and OFAC restrictions, - Affecting special nationalities - Iran, etc.. - That come up in the Merger and Acquisition context,
