

From one of the world's best-known development economists' an excoriating attack on the tragic hubris of the West's efforts to improve the lot of the so-called developing world. In his previous book, *The Elusive Quest for Growth*, William Easterly criticized the utter ineffectiveness of Western organizations to mitigate global poverty, and he was promptly fired by his then-employer, the World Bank. *The White Man's Burden* is his widely anticipated counterpunch—a brilliant and blistering indictment of the West's economic policies for the world's poor. Sometimes angry, sometimes irreverent, but always clear-eyed and rigorous, Easterly argues that we in the West need to face our own history of ineptitude and draw the proper conclusions, especially at a time when the question of our ability to transplant Western institutions has become one of the most pressing issues we face.
